GENERAL

The Wave Rock Weekender is a 70-hour long weekend music and film festival held near the Western Australian town of Hyden, 3.5 hours southeast of Perth from **1pm Friday 22nd September to 10am Monday 25th September 2023**. The Monday is a public holiday in WA.

Hyden is the eastern-most town in the region, sitting between the wheat-belt and the Great Western Woodlands, not far from the rabbit proof fence. Wave Rock itself is a unique, 270 million year old wave shaped rock formation and well known tourist attraction.

The show is a high quality, low-capacity boutique event with a focus on the startling natural surroundings, great music and facilities, and minimisation of environmental impact. It takes place in and around the Wave Rock Caravan Park, 3km north-east of Hyden, right next to Wave Rock.

SALT POND

The Salt Pond is full to the brim of fresh, delightful, super-floaty gypsum water and the eight gazebos do have a toilet and shower in each. Frolic & Float in the Salt Pond by day. This year we have "STEAM" the horse float sauna available for bookings alongside the Salt Pond. See schedule for more. Salty invigoration followed by a sauna...come on! STEAM sauna bookings are at www.steam.as.me
